Independent Auditor's Report

To the Board of Trustees Manning Municipal Light Plant Manning, IA 51455

I have audited the accompanying basic financial statements, listed as exhibits in the table of contents of this report, of the Manning Municipal Light Plant (a municipal utility) as of and for the year ended December 31, 2011. These financial statements are the responsibility of the Manning Municipal Light Plant's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As described in Note 1, the financial statements of Manning Municipal Light Plant are intended to present the financial position and results of operations and cash flows of only that portion of the financial reporting entity of the City of Manning, Iowa, that is attributable to the transactions of the Manning Municipal Light Plant.

Member of American Institute of Certified Public Accountants, Iowa Society of CPA's and AICPA Private Companies Practice Section March 9, 2012 Manning Municipal Light Plant Independent Auditor's Report

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Manning Municipal Light Plant as of December 31, 2011 and the respective changes in financial position and cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards* I have also issued my report dated March 9, 2012 on my consideration of the Light Plant's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of my audit.

Management's Discussion and Analysis on pages 6 through 11 is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. I have applied limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Manning Municipal Light Plant's basic financial statements. The supplemental information included in Schedules 1 through 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. Information in Schedule 4 has not been subjected to the auditing procedures applied in my audit of the aforementioned financial statements and, accordingly, I express no opinion on it.

Manning Municipal Light Plant Management's Discussion and Analysis

Manning Municipal Light Plant provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the year ended December 31, 2011. I encourage readers to consider this information in conjunction with the Utility's financial statements, which follow.

2011 Financial Highlights

Operating revenue of the Utility's activities increased by 9.7%, or approximately \$200,000, from calendar years 2010 to 2011.

Operating expenses increased by 6%, or approximately \$135,000, from calendar years 2010 to 2011.

The Utility's net assets of business type activities increased by 0.23%, or approximately \$13,760, from calendar years 2010 to 2011.

Using This Annual Report

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Utility's financial activities.

Financial Statements consist of a Statement of Net Assets - Proprietary Funds, and a Statement of Revenues, Expenses, and Changes in Net Assets - Proprietary Funds and a Statement of Cash Flows - Proprietary Funds. These provide information about the activities of Manning Municipal Light Plant as a whole and present an overall view of the Utility's finances.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the Utility's budget for the year.

Other Supplementary Information provides comparative financial data with a prior year and statistical data.

REPORTING THE UTILITY'S FINANCIAL ACTIVITIES

Basic Financial Statements

One of the most important questions asked about the Utility's finances is, "Is the Utility as a whole better or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Revenues, Expenses, Changes in Net Assets report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all the Utility's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the Utility's net assets may serve as a useful indicator of whether the financial position of the Utility is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Fund Net Assets presets information showing how the Utility's net assets changed during the most recent year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expense are reported in this statement for some items that will not result in cash flows until future periods.

The Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Fund Net Assets report the following activity:

Business type activities include the electric utility. This activity is financed primarily by user charges.

Fund Financial Statements

The Utility has one fund:

Proprietary funds account for the Utility's Enterprise Fund. This fund reports services for which the Utility charges customers for the service it provides. Proprietary funds are reported in the same way all activities are reported in the Statement of Net Assets and the Statement of Revenues, Expenses, and Changes in Fund Net Assets. The Enterprise Fund includes the electric utility which is considered the major fund of the Utility. The Utility is responsible for ensuring the assets reported. These funds are used only for their intended purposes and by those to whom the assets belong.

The financial statement required for proprietary funds include a statement of net assets, a statement of revenues, expenses, and changes in fund net assets and a statement of cash flows.

BASIC FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in the net assets for business type activities.

Statements of Net Assets December 31, 2011 and 2010

Business Type Activities - Enterprise Fund

	Year Ended				
	<u>2011</u>		<u>2010</u>		
Current assets	\$ 3,986,075	\$	2,919,695		
Capital assets	5,444,411		3,159,227		
Other assets	1,442,676		1,352,644		
Total assets	\$ 10,873,162	\$	7,431,566		
	· · · · · ·		·		
Current liabilities	\$ 713,370	\$	325,534		
Non-current liabilities	4,220,000		1,180,000		
Total liabilities	\$ 4,933,370	\$	1,505,534		
Net assets:					
Invested in capital assets, net of debt	\$ 1,054,411	\$	1,833,059		
Restricted	331,828		195,420		
Unrestricted	4,553,553	_	3,897,553		
Total net assets	\$ 5,939,792	\$	5,926,032		

Current assets exceed current liabilities by five to one, a healthy working capital ratio, and constitute 36% of total assets.

Capital assets represent the cost of infrastructure, buildings and equipment, construction work in process, are reported net of accumulated depreciation, and constitute 50% of total assets. The significant increase of \$2.3 million is primarily due to the diesel generation plant.

Other assets consist of 1) deferred patronage from WIMECA, 2) the long term portion of notes receivable from the City of Manning, MMCTSU Utility and Manning Betterment Foundation, and 3) deferred discount fees and constitute 14% of total assets.

Current liabilities increased by 119%, mostly due to construction payables.

Non current liabilities increased 257%, due to calling the 1999 Electric Revenue Bonds and issuing the 2011 Electric Revenue Capital Loan Notes.

Unrestricted net assets represents net surplus for operations and net assets not restricted by loan covenants, enabling legislation or constitutional provisions. Net assets increased by 0.23% for the year ended December 31, 2011.

Changes in Net Assets For the Year Ended December 31, 2011 and 2010

Business Type Activities - Enterprise Fund

	<u>Year</u>	<u>r En</u>	
Revenues:	<u>2011</u>		<u>2010</u>
Charges for services	\$ 2,264,787	\$	2,065,003
Miscellaneous income	3,166		551
Interest income	53,856		42,656
Rental income	170,849		170,899
Member charge refunds	-0-		35,907
WIMECA dividends	177,541		121,218
Total revenues	2,670,199	•	2,436,234
Operating expenses:			
Production	1,809,741		1,677,141
Distribution	280,650		284,173
Accounting and collection	55,343		51,075
Administrative and general	194,100		192,910
Total operating expenses	2,339,834		2,205,299
Total operating expenses	2,000,001		
Revenues over operating expenses	330,365		230,935
Other expenses:			
Amortization	12,499		1,127
Depreciation - comm. infrastructure	99,275		139,473
Interest expense	139,078		76,756
Call premium on bond retirement	19,425		-0-
Community contributions	46,328		42,720
Total other expenses	316,605	-	260,076
Increase (decrease) in net assets	13,760		(29,141)
Net assets, beginning of year	5,926,032	-	5,955,173
Net assets, end of year	\$ 5,939,792	\$	5,926,032

Total revenue increased by 9.6% or approximately \$234,000 from the prior year with major changes as follows: 1) Electric rates were increased by 5.5% effective January 1, 2011, and 2) interest and dividend income increased approximately \$67,500 from 2010 to 2011.

Operating expenses increased by 6% or approximately \$135,000, primarily due to an increase in the cost of purchased electricity.

Capital Assets

The Utility's capital assets include land, buildings and improvements, equipment, vehicles, electric lines, other infrastructure and construction work in process. Changes in capital assets for the years ended December 31, 2011 and 2010 are as follows:

		<u> 2011</u>		<u>2010</u>
Capital assets, beginning of year	\$	7,582,082	\$	7,561,407
Additions		3,124		20,675
Retirements		-0-		-0-
Capital assets, end of year	\$ _	7,585,206	\$	7,582,082
Less: accumulated depreciation		4,739,927		4,454,023
·	_	2,845,279	•	3,128,059
Construction work in process		2,599,132		31,168
Net capital assets	\$ _	5,444,411	\$	3,159,227

Additions to capital assets included improvements to underground distribution and the capitalization of costs associated with the \$3.8 million diesel plant project. Depreciation charged against revenue was \$285,904.

Long-Term Debt

At December 31, 2011, the Utility had \$4,220,000 in long-term debt outstanding for business type activities. The Utility called \$1,180,000 of the 1999 Electric Revenue Bonds and paid a call premium of \$19,425. The Utility issued \$4,450,000 of 2011 Electric Revenue Capital Loan Notes. Issuance costs were \$77,875 and will be amortized over the twenty year life of the Notes. For the year ended December 31, 2011, the Utility retired \$175,000 of principal and expensed \$139,078 of interest.

Future Financial Statement Impact

In May 2010, the Board of Trustees committed to the construction of a diesel generation plant at a projected cost of \$3,778,000 as follows:

Generator	\$ 1,468,633
Switchgear	490,000
Construction	1,354,500
Contingencies and legal	184,867
Engineering and permitting	280,000
Total project estimate	\$ 3,778,000

At December 31, 2011, the construction project was still in process with accumulated costs of approximately \$2.6 million. The project was financed in part by the issuance of \$4,450,000 Electric Revenue Capital Loan Notes, Series 2011 which also refunded outstanding Electric Revenue Bonds, Series 1999. The project is expected to be completed in 2012.

Requests for Information

Requests for additional information can be made to the Manning Municipal Light Plant's manager, Kent Hilsabeck, 719 Third Street, Manning, Iowa 51455.

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

A. Reporting Entity

The Manning Municipal Light Plant was formed as an Electric Utility in 1934 and is a component unit of the City of Manning, Iowa, as determined by criteria specified by the Governmental Accounting Standards Board (GASB). The Light Plant is governed by a five member board of trustees appointed by the City Council. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Utility to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the Utility. The Manning Municipal Light Plant has no component units which meet the Governmental Accounting Standards Board (GASB) criteria.

The financial statements include only those funds of the Electric Utility and are not intended to present all funds of the City of Manning, Iowa.

B. Jointly Governed Organizations

The Utility participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. Utility officials are members of the following boards: Manning Municipal Communication and Television System Utility, Manning Betterment Foundation, Western Iowa Municipal Electric Cooperative Association, and Manning Economic Development Corporation.

C. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurements focus applied.

The Utility's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses are recorded when the liability is incurred.

(1) Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

The Utility applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles, Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

D. Basis of Presentation

The Statement of Net Assets presents the Utility's assets and liabilities, with the difference reported as net assets. Net assets are reported in the following categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets not meeting the definition of the preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

Fund Financial Statements

The Manning Municipal Light Plant reports the following major proprietary fund:

Enterprise:

The Electric Fund is used to account for the operation and maintenance of the Utility's electric system.

(1) Summary of Significant Accounting Policies (Continued)

E. Budgets and Budgetary Accounting

In accordance with the Code of Iowa, the Board of Trustees annually adopts a budget on the cash basis for the fiscal year ending June 30th. The budget of the Utility is then submitted with that of the City of Manning following required public notice and hearing. The Utility also adopts a budget on the accrual basis for the calendar year ending December 31st. The budget on the accrual basis is presented in the budgetary comparison and related disclosures and reported as Required Supplementary Information. During the year ended December 31, 2011, disbursements exceeded the amounts budgeted on the accrual basis for the business type activities.

F. Cash, Investments and Cash Equivalents

Cash consists of checking accounts, cash on hand, and savings. Investments consist of certificates of deposit. For purposes of the Statement of Cash Flows, the Electric Utility considers all deposits to be cash equivalents. Investments are stated at cost which approximates market.

G. Restricted Assets

Funds set aside for payment of revenue notes are classified as restricted assets since their use is restricted by applicable note indentures. Other restricted assets include consumer deposits restricted for application to unpaid customer accounts or for refund to customers.

H. Accounts Receivable

Accounts receivable are recorded in the Electric Fund at the time the service is billed. The allowance for doubtful accounts is \$-0- at December 31, 2011 and 2010. The Utility participates in the State of Iowa Income Offset Program for the collection of past due accounts.

Customer meters are read the 1st of the month. Customers are billed by the 10th of the month. Bills are due by the end of the month. Penalties accrue at 1.5% of the total bill thereafter. Delinquent customers have twelve days after receiving a disconnect notice to make payment or arrangements for payment. Disconnection of services may include the City of Manning's water service.

(1) Summary of Significant Accounting Policies (Continued)

I. Capital Assets

Capital assets include property, plant and equipment. Capital assets are stated at cost. Depreciation is computed using straight line methods applied to the estimated useful lives of the various assets. Depreciation is computed over the following useful lives:

Plant and property	20 - 33 years
Office and other equipment	5 - 25 years
Transportation equipment	3 - 10 years
Telecommunication infrastructure	10 - 40 years

Expenses for maintenance, repairs and minor replacements are charged to operations. Expenses for major repairs and betterments that materially extend the life of the asset are capitalized.

J. Customer Deposits

Meter deposits of \$100 are collected from new customers before electric service begins. Customers in good standing get a deposit refund after six months. Delinquent customers forfeit the deposit.

K. Underwriter's Discount Fees

The underwriter's discount fees are stated at their original cost less any accumulated amortization. The underwriter's discount of \$77,875 occurred in 2011 as a result of the issuance of the Electric Revenue Capital Loan Notes, Series 2011. The underwriter's discount is being amortized over the twenty year life of the notes utilizing the straight line method.

L. Inventory

Inventory consists of material and supplies. The inventory is valued at average cost.

M. Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(2) Cash and Investments

The Utility Board's deposits in banks at December 31, 2011 and 2010 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against depositories to insure there will be no loss of public funds.

The Utility Board is authorized by statute to invest public funds in obligations of the United States Government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Utility Board; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Utility had no investments meeting the disclosure requirements of Governmental Accounting Standards Board (GASB) Statement No. 3, as amended by Statement No 40.

The Utility's cash and investments at December 31, 2011 and 2010 are as follows:

	Cash	Certificates of Deposit	 Total
December 31, 2011			
Unrestricted	\$ 1,680,914	\$ 1,547,574	\$ 3,228,488
Restricted	4,300	327,528	331,828
	\$ 1,685,214	\$ 1,875,102	\$ 3,560,316
December 31, 2010		 	
Unrestricted	\$ 537,643	\$ 1,773,159	\$ 2,310,802
Restricted	6,100	189,320	195,420
	\$ 543,743	\$ 1,962,479	\$ 2,506,222

(3) Deferred Patronage Dividends

Western Iowa Municipal Electric Cooperative Association (WIMECA) allocates deferred patronage dividends to its member municipal electric utilities of Anthon, Aurelia, Hinton, Manning, Mapleton and Onawa, Iowa. WIMECA purchases all of its power from Northwest Iowa Power Cooperative under a long-term contract.

The deferred patronage dividends in WIMECA are declared allocations from which it is not practicable to estimate a fair value and they are redeemable only at the discretion of the issuing cooperative. They are recorded at cost or the value assigned by WIMECA. Deferred patronage dividends are recorded as an asset in the year to which they apply.

Deferred Patronage - WIMECA, Dec. 31, 2010	\$ 944,966
Less: Retired patronage - paid in cash	(128,748)
Add: 2010 Dividends Declared - Deferred	177,541
Deferred Patronage - WIMECA, Dec. 31, 2011	\$ 993,759

(4) Restricted Assets

The Board of Trustees established by resolution, various reserve account funds to accumulate surplus net revenue for the following purposes:

	<u>2011</u>		<u>2010</u>
Customer Deposits - Cash Principal & Interest Reserve -	\$	4,300	\$ 6,100
Certificates of Deposit		327,528	 189,320
	\$	331,828	\$ 195,420

(5) Major Customer

Ag Processing, a local soybean processing plant, purchased electricity totaling \$963,588 and \$837,103 in 2011 and 2010, respectively, which represented 42.7% and 40.7% of total sales each year.

(6) Power Purchase Contract

The Utility has a long-term contract with Western Iowa Municipal Electric Cooperative Association (WIMECA) to purchase all electrical needs from WIMECA at established rates. In turn, WIMECA agrees to use its best efforts to provide a steady supply of electricity. In May 2009, an amendment to the contract extended the terms of the agreement till January 1, 2013. Beginning January 1, 2011, however, the terms of the agreement will automatically be extended each year for one additional year, unless one of the parties delivers a notice of intention to terminate before the extension date.

(7) Contract Rates of Delivery for Firm Power

A contract was signed with Western Area Power Administration to lock in the Contract Rate of Delivery (CROD) for firm power on and after January 1, 2001 and continuing through December 31, 2005. The rate for firm power during the winter season differs from the rate for firm power during the summer season. A new CROD was agreed upon for the period from January 1, 2006 through December 31, 2014.

(8) Pension and Retirement Benefits

The Utility contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statue to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Through June 30, 2011, plan members were required to contribute 4.5% of their annual covered salary and the Utility was required to contribute 6.95% of annual covered payroll. Effective July 1, 2011, the IPERS rates changed and plan members contributed 5.38% and the Utility contributed 8.07% of annual covered payroll. Contribution requirements are established by State statue. The Utility's contributions to IPERS for the years ended December 31, 2011, 2110 and 2009 were \$13,967, \$12,535 and \$11,003, respectively, equal to the required contributions for each year.

(9) Other Postemployment Benefits (OPEB)

<u>Plan Description</u> - The Utility operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 4 active and -0- retired members in the plan. Participants must be age 55 or older at retirement.

The medical/prescription drug benefits are provided through a fully-insured plan with Wellmark. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees.

<u>Funding Policy</u> - The contribution requirements of plan members are established and may be amended by the Utility. The Utility currently finances the retiree benefit plan on a pay-as-you-go basis. The most recent active member monthly premiums for the Utility and plan members are \$1,096 for family coverage. The same monthly premiums would apply to retirees if there were any retired participants. For the year ended December 31, 2011, the Utility contributed \$47,333 and plan members eligible for benefits contributed \$5,259, 90% and 10%, respectively.

(10) Related Party Transactions

City of Manning Note	2011	2010

Interdepartmental note receivable from the City of Manning in the amount of \$175,000. The funds advanced to the City financed street repairs. The City agreed to make annual principal payments of \$25,000 due October 1, 2009 through 2014. The interest rate for the first year was 3.75%. Thereafter, the interest rate is adjusted each October 1st to 1% higher than the interest rate offered by the Templeton Savings Bank on a twelve month certificate of deposit. The interest rates on October 1, 2011 and 2010 were 2.55% and 2.45%, respectively.

\$ 50,000 \$ 75,000

(10) Related Party Transactions (Continued)

MMCTSU Note		<u>2011</u>	2010
Note receivable from the Manning Municipal Communications and Television System Utility for the broadband communications system. The interest rate is adjusted on July 15 th each year to a rate which is 1% higher than that offered by Templeton Savings Bank on a twelve month certificate of deposit. The interest rate on July 15, 2011 and 2010 were 2.55% and 2.25%, respectively. Interest does not accrue on the unpaid interest balance, there are no required principal payments, and payments of principal and interest may not exceed \$100,000 per year. In 2004, The Manning Municipal Light Plant forgave \$200,000 of this note.	\$	295,000	\$ 295,000
Less: current portion	_	25,000	 25,000
Long-term portion	\$	320,000	\$ 345,000

The Utility leases an area of City Hall from the City of Manning through an oral lease agreement. Rent expense charged to operations on this facility for 2011 and 2010 were \$6,000 each year.

The Utility had business transactions between the Utility and Utility officials totaling \$2,605 during the year ended December 31, 2011.

(12) Capital Loan Notes Payable

On March 31, 2011, the Utility issued \$4,450,000 of Electric Revenue Capital Loan Notes, Series 2011, under the provisions of Chapter 384 of the Code of Iowa. The notes are not general obligations of the City of Manning, but are payable from and secured by a pledge of future net revenues of the Electric Utility. Principal payments are due annually on December 1 and interest payments due semi-annually on June 1 and December 1 of each year. The provisions of the bond covenants require the Electric Utility to fund a Principal and Interest Reserve Fund equal to the maximum annual principal and interest debt service requirements of the Bonds in the amount of \$327,528. The Reserve Fund consists of certificates of deposit.

(12) Capital Loan Notes Payable (Continued)

Future scheduled maturities of long-term notes payable are as follows:

December 1,	<u>Rate</u>		<u>Amount</u>
2012	1.00%	\$	170,000
2013	1.35%	·	170,000

(13) Loan Guarantee

In 1998, the Manning Betterment Foundation obtained a \$100,000 loan from Northwest Iowa Power Cooperative's Revolving Loan Fund. The Manning Municipal Light Plant is guarantor on the Betterment Foundation's loan to Western Iowa Municipal Electric Cooperative Association (WIMECA) and to Northwest Iowa Power Cooperative (NIPCO). In the event of default on this loan, Manning Municipal Light Plant will repay the loan. Manning Betterment Foundation is current on its loan payments to NIPCO.

Manning Municipal Light Plant Notes to Financial Statements December 31, 2011

(14) Compensated Absences

Vacation Payable

Light Plant employees accumulated vacation hours for use each year between anniversary dates of employment. Employees can accumulate up to 10 days of vacation that can transfer over to the following year in the event that available vacation is not used by the end of the benefit year. At no time can an employee carry over more than 10 days of vacation time to the subsequent benefit year. Upon termination of employment, employees will be paid for unused vacation time that has been earned through the last day of employment at their current rate of pay. The accrued vacation payable at December 31, 2011 and 2010 is \$6,097 and \$4,465, respectively.

Sick Leave Payable

Sick leave may be accumulated for subsequent use or for payment upon termination or retirement. Unused sick leave benefits are paid to employees upon termination of employment at the rate in which they were earned but only after 24 sick leave days have accumulated. Eligible employees accrue sick leave benefits at the rate of 6 days per year or 4 hours per month. Therefore, an employee would have to work at the Utility for 4 years before the employee would be eligible to be paid for sick leave upon termination. The accrued sick leave payable at December 31, 2011 and 2010 is \$29,738 and \$28,071, respectively.

(15) Risk Management

Manning Municipal Light Plant is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Utility assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three years.

Manning Municipal Light Plant Notes to Financial Statements December 31, 2011

(16) Joint Use Agreement

On July 25, 2001, the Manning Municipal Light Plant and the Manning Municipal Communications and Television System Utility (MMCTSU) entered into a joint use agreement in regards to the communications distribution system. The communications distribution system remains the sole property of the Electric Utility which granted to MMCTSU the right to use the distribution system, the head-end building, and the Municipal building for a term of twenty-five years with annual lease payments of \$170,849, commencing June 30, 2002. MMCTSU postponed the June 30, 2008 payment until June 30, 2027.

(17) Commitments

In May 2010, the Utility committed to the construction of a new diesel generation plant at an estimated cost of \$3,778,000. The project was financed by the issuance of \$4,450,000 Electric Revenue Capital Loan Notes, Series 2011 which also retired outstanding Electric Revenue Bonds, Series 1999. Construction costs for the years ended December 31, 2011 and 2010 were \$2,599,131 and \$31,168, respectively. The project is expected to be completed by July 2012.

(18) Revolving Loan Fund

The Manning Municipal Light Plant was the recipient of a \$250,000 grant from the Rural Economic Development Loan and Grant Program to create a revolving loan fund. The City of Manning's Economic Development Agency administers the Utility's revolving loan fund as well as other existing revolving loan funds.

The Agency loaned the funds to the Manning Community Foundation for the purchase of the Manning Hausbarn Heritage Park. The \$300,000 promissory note is dated December 29, 2011, requires annual payments of \$30,000, bears 0% interest, matures January 29, 2022, and is secured by land and buildings, personal property and revenues and income of the Manning Community Foundation.

Manning Municipal Light Plant Notes to Required Supplementary Information Budgetary Reporting For the Year Ended December 31, 2011

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41. In accordance with the Code of Iowa, the Utility adopts and submits a budget on the cash basis to the City for approval in the City's required public notice and budget hearing process. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. The cash basis budget is prepared for the fiscal year ending June 30th and is not presented here.

For financial statement reporting purposes, however, the board approves an accrual basis budget which corresponds to the Utility's calendar year. The accrual basis budget is presented here.

For the year ended December 31, 2011, the disbursements of the Utility exceeded amounts budgeted in the business type activities.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Prepared in Accordance with Government Auditing Standards

Certified Public Accountant

March 9, 2012

Independent Auditor's Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an Audit of
Financial Statements Prepared in Accordance with

Government Auditing Standards

To the Board of Trustees of the Manning Municipal Light Plant

I have audited the accompanying financial statements of the Manning Municipal Light Plant as of and for the year ended December 31, 2011, and have issued my report thereon dated March 9, 2012. My report expressed an unqualified opinion on the financial statements which were prepared in conformity with U.S. generally accepted accounting principles. I conducted my audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Manning Municipal Light Plant's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing my opinion on the effectiveness of Manning Municipal Light Plant's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Manning Municipal Light Plant's internal control over financial reporting.

My consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed in the accompanying Schedule of Findings, I identified certain deficiencies in internal control over financial reporting that I consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility a material misstatement of Manning Municipal Light Plant's financial statements will not be prevented or detected and corrected on a timely basis. I consider the deficiencies described in Part I of the accompanying Schedule of Findings as item I-A-11 and I-B-11 to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Manning Municipal Light Plant's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations and contracts, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*. However, I noted certain immaterial instances of non-compliance or other matters which are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Light Plant's operations for the year ended December 31, 2011 are based exclusively on knowledge obtained from procedures performed during my audit of the financial statements of the Utility. Since my audit was based on test and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Manning Municipal Light Plant's responses to findings identified in my audit are described in the accompanying Schedule of Findings. While I have expressed my conclusions on the Utility's responses, I did not audit the Light Plant's responses and, accordingly, I express no opinion on them.

March 9, 2012 Manning Municipal Light Plant Report on Internal Control

This report, a public record by law, is intended solely for the information and use of the officials, employees and customers of the Manning Municipal Light Plant and other parties to whom the Utility may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

I would like to acknowledge the many courtesies and assistance extended to my by personnel of Manning Municipal Light Plant during the course of my audit. Should you have any questions concerning any of the above matter, I shall be pleased to discuss them with you at your convenience.

Mufflet associates, CPA, P.E.

Manning Municipal Light Plant Schedule of Findings Year Ended December 31, 2011

Part I: Findings Related to the Financial Statements

INTERNAL CONTROL DEFICIENCIES:

I-A-11 Segregation of Duties - One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The cash receipts listing, bank deposits and the posting of cash receipts to the cash receipts journal are all done by the same person.

Recommendation - I realize that a segregation of duties is difficult with a limited number of office employees. However, the Utility should review its control procedures to obtain the maximum internal control possible under the circumstances.

<u>Response</u> - We will try to use the staff in the most efficient way to achieve maximum internal control possible with the staff available.

<u>Conclusion</u> - Response acknowledged. The Utility should segregate duties to the extent possible with existing personnel and utilize administrative personnel to provide additional control through review of financial transactions and reports.

II-B-11 Revenue Recognition - \$128,748 of retired WIMECA patronage was incorrectly recorded as dividend income. The retired patronage was recognized as revenue in prior years (2001, 2002 and 2003) and should not have been recorded as revenue a second time. The error was subsequently corrected.

<u>Recommendation</u> - WIMECA patronage paid in cash is generally a retirement of patronage and not dividend income in the same way that a withdrawal from a savings account is not interest income.

Response - We now better understand the difference between patronage dividends which occur annually and patronage retirements which occur infrequently. We misjudged.

Conclusion - Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Manning Municipal Light Plant Schedule of Findings Year Ended December 31, 2011

Part II: Other Findings Related to Statutory Reporting

II-A-11 Certified Budget - Disbursements during the year ended December 31, 2011 exceeded the amounts budgeted in the business type activities function. Chapter 384.20 of the Code of lowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation."

<u>Recommendation</u> - The budget should have amended in accordance with Chapter 384.18 of the code of lowa before disbursements were allowed to exceed the budget.

Response - The budget will be amended in the future, if applicable.

<u>Conclusion</u> - Response accepted.

- II-B-11 <u>Questionable Disbursements</u> I noted no disbursements for parties, banquets, or other entertainment for employees that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-C-11 <u>Travel Expense</u> No disbursements of the Utility's money for travel expenses of spouses of Utility's officials or employees were noted.
- II-D-11 <u>Business Transactions</u> Business transactions between the Utility and Utility officials are detailed as follows:

Name, Title, and Business Connection	Transaction Description	Amount
Jerry Rasmussen, Trustee, Rasmussen Lumber, owner	Parts, supplies, tools	\$ 2,024
Lynn Stein, Trustee, Napa, part owner	Parts, supplies, tools	\$ 582

In accordance with Chapter 362.5(11) of the Code of Iowa, the transactions with the Utility's Trustees do not appear to represent conflicts of interest since total transactions were less than \$2,500 per individual during the year.

Manning Municipal Light Plant Schedule of Findings Year Ended December 31, 2011

Part II: Other Findings Related to Statutory Reporting (Continued)

- II-E-11 Bond Coverage surety bond coverage of Utility officials and employees is in accordance with statutory provisions. However, the amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-F-11 <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the Utility's investment policy were noted.
- II-G-11 <u>Board Minutes</u> No transactions were found that I believe should have been approved in the Council minutes but were not.
- II-H-11 <u>Revenue Bonds</u> No instances of non-compliance with the revenue bond resolutions were noted.

NEWS RELEASE

MANNING MUNICIPAL LIGHT PLANT

Manning, Iowa 51455

Muxfeldt Associates, CPA, P.C., 2309 B Chatburn Avenue, Harlan, Iowa today released an audit report on the Manning Municipal Light Plant of Manning, Iowa.

Muxfeldt Associates, CPA, P.C, reported that the Utility Board's revenues totaled \$2,670,199 for the year ended December 31, 2011, a 9.6 percent increase from 2010. The revenues included \$2,256,984 in electricity sales, \$170,849 in rental income, \$53,856 in interest income, and \$188,510 in other revenues.

Expenses for the year totaled \$2,656,439, a 7.7 percent increase from 2010. The expenses included \$1,809,741 for production, \$280,650 for distribution, \$55,343 for accounting and collection, \$194,100 for administrative and general expenses, \$139,078 for interest expense and \$177,527 for other expenses.

A copy of the audit report is available for review in the office of Manning Municipal Light Plant, in the Office of Auditor of State and on the Auditor of State's web site at http://auditor,iowa.gov/reports/reports.htm.
